

APRIL 4

**WE
ARE
ONE**

RESPECT OUR RIGHTS

**Corner of Union
Ave and Rt. 17K

**April 4
4:30pm**

On April 4, 1968, Dr. Martin Luther King Jr. was assassinated in Memphis, where he was supporting sanitation workers demanding their dream: the right to bargain collectively for a voice at work and a better life.

Today, that same demand is electrifying people across America. It's the demand of all people—black, white, Latino and Asian American: the right to join together for our common dreams.

Join us **April 4, 2011** to **STAND IN SOLIDARITY** with working people in Wisconsin, Ohio, Michigan, and Indiana and across this nation where well-funded, right-wing corporate politicians are trying to take away the rights Dr. King sacrificed his life to protect. It's time to show **WE ARE ONE!**
